EDUCATION

2022
LICENSE IN ELECTRONIC
ELECTROTECHNICS AND
AUTOMATICS
• Faculty of science in Gabes

2018
BACHELOR OF
TECHNOLOGIE
• Macknassy institute

MASTERED SOFTWARE

- MATLAB
- Arduino.IDE
- Proteus
- PSIM
- Visual basic
- Eagle

LANGUAGES

- English
- French
- Arabic
- Spanish

PROFILE

An ambitions individual with a strong academic fondation and effective communication skills ,aiming to contribute to project success and achieve professional

PROJECT

- Creation of electronic circuit designs
 - Design and testing of stable circuits and twilight switches utilizing industry-standard PCB design software
 - PCB design and routing for applications involving BCD decoders and NE555 timers
 - Development of control boards and systems based on PIC16F microcontrollers
 - Development and programming of Arduino boards
 - Operation of C-9598 robotic arms
- Engagement in control systems for smart vehicles

SOFT SKILLS

- Teamwork
- Effective communication
- Public relations

Membre of club
TECH_TITANS

•computer tools :

- °Python
- °C/C++
- °VHDL
- °Arduino
- °Microcintroller
- °Html/css
