

SELMI IMEN

LICENSE IN ELECTRONICS ELECTROTECHNICS AND AUTOMATICS

PROFILE

I am a 3rd year student in Electronics, Electrotechnics and Automation. I am looking for an end-of-study project. I want to work within Electronics and Industrial Computing. I know how to integrate without difficulty into new work contexts thanks to a real spirit.

SKILLS

- Software
- Microsoft office
- Matlab
- Arduino Uno
- Proteus
- Eagle
- Simatic step 7
- Computer tools
- Python
- C/C++
- Arduino
- Microcontroller

LANGUAGES

- Arabic (native)
- French (B1)
- English (A1)

INTERESTS

Robotic
sport
Chess

EDUCATION

- License in Electronics Electrotechnics and automatics specialty 2022-Present
electronics and industrial computing Faculty of Sciences of Gabes
- High School Diploma, TECHNOLOGY 2019 - 2022
Echrarda Institute

PROJECTS

- Electric Network Project or presentation 2023
Decembre 2023 :
 - Definition of an electrical network
 - Role of an electrical network
 - Different parts of an electrical network
- Make electrical circuits with proteus software
 - Do the routing
 - View PCB boards in 3D
 - Discover the ISIS interface2023
